WHO WE ARE

Five decades of end-to-end garment manufacturing.

Our journey began in 1970 with a single quest — to manufacture the best innerwear for men. Over time we established manufacturing facility at Tiruppur, broadened our product range and extended our reach across India and overseas markets.

Today we operate as an end-to-end garment solution provider — from design and sampling to bulk production and delivery — turning a buyer's vision into shelf-ready garments built to global standards.
